Combo Fructus®: the new 44"x48" foldable IBC for tomato paste and fruit juice

Safe, hygienic, profitable and sustainable

Outstanding performance

The Combo Fructus® is strong and durable: its double wall structure enables a **1500 kg unit load** and a **stack load of 8000 kg (4on1)**. Maximum safety when stacked full thanks to the T shaped locking system between sides, ends and the double wall water-tight lid allowing strapping.

Automation friendly

Combo Fructus® reinforced base and skids are **compatible with racking and most automated handling systems**. Saving labor and increasing filling process efficiency.

With 3200 kg dynamic load, it withstands road, rail and sea freight long range logistics.

The most hygienic foldable IBC

100% smooth, easy to clean design from base to lid. No dirt or water traps, bugs and needle contamination proof.

100% smooth and double wall sturdy design increases internal volume and ensure compatibility with high speed filling processes.

Improved handling and labor saving

Easily erected and folded by one operator only unique side walls locking while erecting enable one operator to handle the Combo Fructus®.

Non sequential folding thanks to floating hinges saving time and labor. Ergonomic handles on sides.

Fork tine guides on base, strong three skids base and anti-slip plugs reinforce safety and speed handling.

Customization and tracking

Multiple identification and tracking options: Logo and company name printing guarantee ownership and **enhance brand awareness**.

Multiple bar code label and RFID recesses and pockets for **efficient fleet management**.

Maximised profitability

Up to 73% folding ratio for the CF 315, one of the best folding ratio on the market. **7 folded Combos piled in a standard truck** for reduced logistics costs and lower environmental impact/gas emission.

Maintenance: All parts can be replaced maximizing life span of the Combo Fructus®.

Thanks to the unique and innovative bayonet fixing system, the skids can be easily replaced.

At the end of its long service life **the Combo Fructus® can be fully recycled** and raw material reused, further lowering carbon footprint.

Unrivalled sustainable range

Combo Fructus® range includes 3 heights to meet the logistics needs of tomato paste and fruit juice logistics:

- CF 280 for refrigerated sea freight
- CF 300 for sea freight
- CF 315 for road and rail transportation
